Our Executives Shine!

June was quite a month of accomplishments for our fearless leaders! Enormous CONGRATULATIONS to both Michele and Lori! Michele was sworn in as the Kittyhawk Post President in Dayton, Ohio. The post is fortunate to have her leadership. As a military spouse, our Founder, Michele has been VP of multiple Posts within SAME, but military PCS's got in the way of stepping into the coveted role. Since her husband's recent Air Force retirement (Congratulations!), they'll stay put in Dayton and she'll serve the post proudly. At the National Leadership Assembly meeting at JETC in May, our CEO Lori was sworn into the National Board of Direction for a one year term representing the Membership Group for the C3s. She is serving her second year as the Small Business Council Chair, and always encourages members who want to get involved to reach out! They have both been active members in SAME for years and helped their Posts and National groups flourish with their dedication, knowledge and strategic initiatives!

The door is open for new offerors, domain enhancements, and lateral springboards across all six contract vehicles, including five small business set-asides and unrestricted for large firms. But here's the thing: "continuous submissions" doesn't mean "submit whenever you feel like it." GSA will issue awards on a rolling basis and early submission can be in the offeror's favor. Getting your offer in sooner....more.
